ABOUT US

The Courtyard Playhouse

Dubai's only KHDA licensed Improvisation Theatre and Training Centre.

Founded in 2013, the Courtyard Playhouse is the UAE's first small theatre venue. We offer a programme of improvisation, acting workshops and performances for children and adults. We specialise in the delivery of corporate training and development and theatrical events.

The Courtyard Playhouse boasts two theatre spaces, seating 75 and 35, each equipped with top-of-the-range lighting, sound and projection systems.

Note from the Owners

'Opportunities for children to experience theatre in the region are scarce. I (Kemsley) recall phoning every theatre in Dubai on behalf of a school student in 2009, asking if there was any work experience available. The student didn't like performing, but loved all aspects of backstage work and was enchanted and motivated to learn how it all worked. I was greeted with bafflement and confusion by the theatres. I felt very guilty relaying this to her; it had quite a profound effect on me, and I wondered if was something we could remedy.'

Cut to the present...

The Young Playhouse is a programme of theatre activities especially geared to school students. The programme is designed to give more opportunity to the hundreds of teachers and thousands of children in the UAE who deserve broader opportunities and better exposure to theatre and the Arts. At the Courtyard Playhouse, students can experience National Theatre Live from London; they can take part in work-experience placements; learn set-design, lighting, scenography and the craft that goes into the running of a modern professional theatre. Students can watch new, immersive performances and take part in workshops or even compete in their own Theatresports™ Tournaments. Most of all, they can experience, learn and play in a young, vibrant and professional community, that can boast to having full-time employees that have come through the youth ranks, including the current Artistic Director.

We hope that we've made the world of theatre more accessible to students of all ages than it was in 2009. We thank all of the dedicated teachers who support us, your local theatre, enabling us to offer and enhance these opportunities for children season after season. We look forward to working with you this academic year.

THEATRESPORTS

Fostering Unity and Friendly Competition

Empower large student populations through tailored weekly classes that culminate in a thrilling Theatresports match at our theater, fostering camaraderie, confidence, and spirited competition.

For schools with a large student body, we offer a fantastic opportunity to engage in weekly improvisation classes tailored to individual age groups. As the weeks progress, these enthusiastic groups build camaraderie, confidence, and a strong sense of teamwork.

The pinnacle of this journey culminates in an exhilarating Theatresports match held at our esteemed theatre. Here, the teams showcase their newfound talents in a spirited competition, where quick wit and collaboration take center stage. This unforgettable event not only celebrates the students' growth but also reinforces the joy of performance, leaving lasting memories and a stronger sense of unity among participants.

Theatresports™ is team-based competition where team captains issue dramatic challenges to their opponents. Each team does a scene based on the challenge, then it is over to the judges.

Our judges will score scenes until a victor emerges and is awarded the winners' trophy to rapturous applause.

On the surface, Theatresports™ is a team-based 'theatre competition' but its main aim is to build a mutual desire to create dynamic, interesting theatre through spontaneity, storytelling and supportive play.

"Thank you very much for the pictures and a big thank you to you all, a special one from our students to their Improv teachers, for making the event fun and pedagogical!"

- Gaelle Prud Homme - LFIGP

PERFORMANCES

Improvised Kids' Storytime for Schools

The Courtyard Playhouse's favourite children's performance, 'What Comes Next?!' is available for schools to book!

The premise is simple: each performance is a new unique story that unfolds based on what the children in the audience want to happen next! The show is an extension of Keith Johnstone's improvisation exercise, 'What Comes Next', and supports curriculums that value storytelling, literacy, social awareness and fun! Children may create a castle drawbridge from our cardboard box set, draw an enchanted garden right onto the boxes with coloured chalk or even invent an evil lair or swamp to escape from. Will the princess escape on the dragon, or be sucked into the bog and imprisoned by the swamp monster? The possibilities are fun and endless when the children decide... What Comes Next?!

Our improvisors are experienced at performing for all age groups and tailoring the content to suit. Recommended age ranges for this particular show are 4 – 11 years old.

Our venue at the Courtyard Playhouse is perfect for a child's first experience of live theatre. Students will engage in a special, interactive show in the most beautiful small theatre in the world.

Prices per 1 hour performance is 6,300 AED for up to 75 students & teachers. All students will receive popcorn and water bottles, teachers will be treated to a tea/coffee and popcorn in the snack bar. VAT is included in the price.

'Thank you for an amazing trip! All the adults and children thoroughly enjoyed it and could not stop talking about it!

We will definitely be rebooking for next year!'

- Angelique Edmunds - Horizon English School

NT Live makes world class theatre accessible...worldwide.

Each broadcast is filmed in front of a live audience in London. Cameras are carefully positioned throughout the auditorium to ensure that cinema audiences get the 'best seat in the house' view of each production. The shows are so immersive and filmed with such attention to detail that it is often difficult to differentiate from the real thing; we regularly have standing ovations for our projector screen!

Among our recent repertoire, illustrious titles have graced our screens, featuring Erin Doherty's compelling portrayal in 'The Crucible,' Emilia Clarke's artistry in 'The Seagull,' and Hiran Abeysekera's captivating performance in 'Life of Pi.' These are merely glimpses into our extensive selection of titles available for your school's screening pleasure. Reach out to us, and let us help you align the perfect titles with your curriculum.

TEACHERS

Improv Skills for Teachers

The Playhouse has a rich history of delivering learning and development to school professionals across the UAE.

This can be part of an inset day, a larger teacher training programme, or even during International Book Week. Development events can be hosted at The Courtyard Playhouse auditorium or our team can travel to you.

Our most popular workshop is called 'Yes And...' and can be anywhere from two hours to an entire day. It's fantastic fun and serves as an enlightening induction or team-building event, leaving teachers with lots of new exercises to engage and inspire students.

For more teaching training options please request our corporate training brochure which has broader options including 'Storytelling', 'Stage Presence' and 'Negotiation Skills'; or we are happy to listen to you and design a workshop with your specific needs in mind.

Improv' encourages:

embracing ideas to see where they lead rather than leaping in with obstacles
creativity and acceptance within teams, removing barriers to progress
being present in the moment, listening carefully, and contributing freely
adaptability and risk-taking
